

What can you achieve?

By undertaking the Inspiring Youth Award, you are giving yourself a unique opportunity full of experiences that are only open to a select few people. If you complete the full award (Level 1 and 2) you will become one of a unique band of people to receive a certificate recognising your "Continuous Professional Development".

This is something that up until now has only been available to those who have been working in professional organisations and business.

Where else could you work with professional police officers for a prolonged period of time? You will receive personal instruction to enable you to perform better in a whole range of situations. We will give you coping strategies to confront bullying, identify cyber bullying and internet crime.

We will show you different ways to plan and progress projects in school, at home and in the community where you live. We will give you strategies to improve your time management, increase your performance and sense of challenge and learn about British values and the Government's "Prevent" strategy.

If you are one of the top performers at the awards evening, you could be rewarded with prizes that money cannot buy. Previous winners have visited the Houses of Parliament and 10 Downing Street, had tea with the Lord Mayor of Sheffield and spent a VIP day with South Yorkshire Police and lunch with the Chief Constable.

Not many young people can say they have achieved any of that!
