Freedom of Information Request - Reference No: 20180153

REQUEST

Under the Freedom of Information Act could you please give me a breakdown of the number of reports of domestic abuse by year by year for the past five years (Q1-Q4 inc) up to January 2018, including: 2017/18, 2016/17, 2015/16, 2014/15, 2013/14 broken down by the gender of the perpetrator/accused?

And, if possible, a break down by the age of the alleged perpetrator/accused?

RESPONSE

I approached our Crime Management Systems Analyst for assistance with your request. She conducted a search of our two crime management systems: (CMS - our legacy system which provides data up to 4th December 2017) and our new CONNECT system which records crimes from this date onwards. Due to difficulties with the way in which the data is extracted, data from our new CONNECT system is currently presented separately.

Each of these systems record complaints or allegations of those matters which the Home Office specify should be recorded as 'crimes' and using the criteria above our Crime Analyst has provided the enclosed data and the following explanation:

CMS(ii) data –

CMS – This is a count of offences recorded on the CMS(ii) crime register, recorded with a Domestic Incident flag between 01-Jan-2013 and 04-Dec-2017, broken down by the year the offence was recorded. I have also provided the same but where the offence was recorded on the CMS(ii) Domestic Incident register.

CMS – Offender– of the CMS Offence count, I have provided a breakdown of offenders by Age and Gender. The data set includes both offenders, both suspect and accused.

CONNECT data -

CONNECT - This is a count of Crime investigations recorded on the CONNECT, recorded with a Domestic Incident flag between 05-Dec-2017 and 31-Jan -2018 , broken down by the year the offence was recorded. I have also provided the same for Domestic Investigations (non crime).

CONNECT Offender – of the CONNECT data, I have provided a breakdown of offenders by Age and Gender.

I have had to take a slightly different approach to extracting the data from CONNECT as the data is not recorded in the same format as the legacy system CMS(ii). SYP have changed their central crime management system in 05 December 2017. Therefore data from the new system cannot be used as a direct comparison due to the different ways in which crimes are recorded. However, the data has been given to comply with original request and displayed here to show an outline trend.

I have provided details of offenders where the offence has been correctly recorded in accordance with the Domestic Violence definition as below. Any offences identified that are potentially recorded incorrectly have been flagged to the relevant SYP units.

<https://www.gov.uk/guidance/domestic-violence-and-abuse>

Please note – we do not expect the offence\investigation counts to reflect a count of offenders, as some offences may be recorded with more than one offender or without any offender details.

Please also be aware that we are obliged under the FOI Act to disclose the recorded information that is held (unless an exemption applies). Clearly some of the offender ages have been recorded incorrectly within our CONNECT system (eg age 117, 118, 128). This is likely to be a typo for the ages 17, 18, and possibly 28. Please be assured that these have been raised with our crime recording bureau for their attention as applicable.
