RESPONSE

I contacted our Incident Management system Administrator for assistance with your request. He carried out a search of the free text field for records containing the word DELIVEROO. I have enclosed a list of the Year/month/incident title returned. I then approached our Crime Management System (CMS) Administrator for the remainder of your request. She provided me with the enclosed information and the following explanation of her search criteria/results:

I have searched the for offences recorded on the CMS crime register between 01-Apr-2014 and 31-Mar-2017 where the term 'DELIVEROO' is recorded in the circumstances of offence free text field.

This has returned 3 offences

However using the above method of search may not accurately reflect what is potentially recorded on CMS as there are no mandated markers to identify such circumstances of offence.
