Freedom of Information Request – Reference No:20181439

REQUEST

- 1. When did South Yorkshire Police become aware that the Forestry Commission was investigating the felling of street trees in Sheffield as potentially unlawful?**
- 2. How did South Yorkshire Police become aware of the Forestry Commission's investigation?**
- 3. Did the Forestry Commission's investigation have a strategic or operational impact on Operation Quito? If so, please explain what this was, who initiated and implemented this?**
- 4. Please provide all internal communications relating to the Forestry Commission's investigation.**
- 5. Please provide all communications with any external bodies, authorities, individuals, agents and companies that relate to the Forestry Commission's investigation.**

RESPONSE

I approached the Superintendent for Neighbourhood and Partnerships who is Force Lead on this subject for assistance with your request.

He said:

“ not aware of any Forestry Commission investigation so all the other questions are irrelevant”

Therefore our answer to these questions are one of “No Information Held”
